

**Project Location:**  
Webster, MA

**Project Scope:**  
New Construction

**Building Size:**  
90 Condominiums

**Building Type:**  
Luxury Housing

This waterfront community features panoramic views of Webster Lake. Each unit was carefully designed to take advantage of water views, open space and landscaped courtyards. The living environment includes contemporary kitchens and bathrooms with state-of-the-art appliances. Sensitive use of materials, skillful massing of the buildings and placement of private decks and entries all allow for lawn and water views from each unit.
